

 *Meeting the growing healthcare needs of our communities*

Meet the Mid Coast Team

A Directory of Our Primary Care and Specialist Physicians,
Nurses, and Advanced Diagnostics

MID COAST HOSPITAL
Advanced Care. Personal Touch.

midcoasthealth.com/ourteam

Leading the Way!

*Does your choice
of a hospital
make a difference?*

It does.

**And the very best
is right here in Brunswick!**

MID COAST HOSPITAL
For a lifetime of caring

123 Medical Center Drive, Brunswick, Maine 04011

www.midcoasthealth.com

THERE IS A DIFFERENCE!

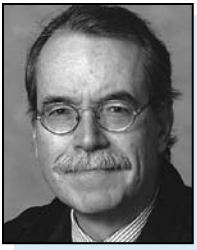

At Mid Coast Hospital, our community Board of Directors is committed to providing the very best quality healthcare we can to the area we serve.

At Mid Coast, all of us are a part of a culture that asks "How can we best serve our patients? How can we bring the most advanced technology and best staff to our communities?"

"How do we make going to the hospital patient and family friendly, comforting in our safety and expertise? And how do we keep our costs affordable while maintaining our financial strength?"

You are invited to call us at **373-6033** or to visit to see how our commitment and culture is making a difference in healthcare right here, close to home.

Advanced Diagnostics

Mid Coast Hospital offers the most sophisticated diagnostic capabilities in the area, including MRI, X Ray, 4-D ultrasound, nuclear medicine, PET/CT, and our state-of-the-art 64-slice CT scanner. The all-new Women's Imaging Center at 81 Medical Center Drive offers the latest imaging technology from bone densitometry to computer-assisted diagnostic (CAD) mammography. Our leading edge Picture Archival & Communications System allows your physicians to access diagnostic images from anywhere in the hospital—and from remote locations such as their offices or homes.

*Advanced Care.
Personal Touch.*

Primary Care Physicians

Mid Coast Hospital is proud to work with the finest primary care physicians in the area. Using a team-centered approach, our primary care physicians work collaboratively with our specialists, nurses, laboratory and imaging technologists, and other health and wellness professionals to provide patients with integrated, comprehensive care. Our wide range of primary care choices—including Mid Coast Medical Group's general practitioners, OB/GYNs, midwives and nurse practitioners as well as our partnerships with other area primary care practices—gives you lots of options.

Specialists

Delivering a wide array of advanced healthcare services, the Mid Coast family of medical specialists practice in 30 different specialty care areas. They provide the most up-to-date techniques, treatments and technologies. In addition, our surgical team specializes in minimally invasive procedures, from gall bladder and hernia surgeries to advanced laparoscopic procedures for colorectal disorders. Working collaboratively with your primary care physician and others, the approach ensures thorough attention to all aspects of your care.

*Advanced Care.
Personal Touch.*

Nurses

Mid Coast Hospital nurses are highly qualified, compassionate professionals who are concerned with just one thing; providing the highest quality patient- and family-centered care. An integral part of our team approach to care, Mid Coast nurses provide a powerful combination of compassion and caring with experience and expertise. Their depth and breadth of skills reflect the highest levels of training, and many of our nurses have advanced certifications in their area of expertise.

ABOUT YOUR COMMUNITY HOSPITAL

Mid Coast Hospital provides safe, affordable, quality healthcare and health-related services to 22 mid coast communities. We offer a complete range of inpatient and outpatient services. Whether you are referred for an appointment or you have an emergency, our highly-trained staff is ready to meet your needs quickly and professionally. Mid Coast Hospital continually strives to improve the overall health and well-being of the communities we serve through all our programs and services.

w w w . m i d c o a s t h e a l t h . c o m

OUTPATIENT SERVICES

24-Hour Emergency Department

Open Every Day, 365 Days a Year
729-0181

For minor or major life-threatening emergencies such as persistent chest pain, difficulty breathing, or severe bleeding, our specially trained physicians and nurses are backed by the full state-of-the-art diagnostic and surgical resources of Mid Coast Hospital.

Ambulatory Care Unit (ACU)

373-6100

Our Day Surgery Center offers a variety of procedures and programs beyond minor surgical procedures, including blood transfusions, CT scans with biopsies, bone scans, bronchoscopic and endoscopic procedures, cardiac catheterization pre- and post-care, and electroconvulsive therapy.

Mid Coast Hospital also provides services such as eye laser procedures in a non-operating room setting, intravenous antibiotics, lesion removal, and other minor procedures.

Behavioral Health

66 Baribeau Drive, Brunswick

Addiction Resource Center

373-6950

The Addiction Resource Center provides comprehensive outpatient chemical dependency assessment and treatment. Day and evening options include Day Treatment Program, Intensive Outpatient Program, Early Intervention Service, and traditional outpatient counseling services.

Healthy Generations

373-6967

This special program is for pregnant and parenting women who may be experiencing problems with alcohol or other drugs, including tobacco. Services include smoking cessation classes and parenting classes as well as individual and family counseling.

Mid Coast Senior Mental Health Services

373-6975

Mid Coast Senior Mental Health Services is a mental health outreach service which provides assessment, evaluation, and ongoing counseling to any person more than 60 years of age who is experiencing mental health concerns. Services are provided in the client's home or residence at no cost to the client.

Psychiatric Partial Hospital Program

373-6980

This outpatient mental health service offers intensive short-term daily programming for individuals with psychiatric disorders who do not require hospitalization. The program also offers transitional treatment following an inpatient stay.

Diagnostic Imaging

373-6625

The Diagnostic Imaging Department is a full-service regional provider of general x-ray, fluoroscopy, nuclear medicine, ultrasound, CT, MRI, and PET/CT. It also provides interventional radiology, a subspecialty that offers such services as peripheral angiography and stenting, uterine fibroid embolizations, and vertebral augmentation (kyphoplasty and vertebroplasty).

All mammography services are digital and are available at our new *Women's Imaging Center* at 81 Medical Center Drive, which also offers breast ultrasound and bone densitometry.

Heart and Lung Services

Cardiopulmonary

373-6350

We offer diagnostic services in echocardiography (cardiac ultrasound), cardiac stress tests, cardiac nuclear studies, as well as full pulmonary function exams. For scheduling call 373-6160 for pulmonary function exams and 729-7939 for echocardiogram, stress testing, and cardiac nuclear exams.

Maine Heart Center at Mid Coast Hospital

Cardiac Catheterization

373-6627

Mid Coast Hospital's catheterization laboratory performs diagnostic cardiac catheterization as well as placement and adjustment of pacemakers. Our laboratory is staffed by cardiologists and a specialized staff dedicated to providing our patients exceptional care in a safe, patient-focused environment. We are pleased to be a member of the Maine Heart Center, a collaborative quality initiative of Maine Medical Center, Mid Coast Hospital, St. Mary's Hospital, Southern Maine Medical Center, and Maine General Medical Center. Referrals to the center can be made through your cardiologist or primary care physician.

RunningStart Adult Fitness Program

373-6360

This coed exercise program for walkers, runners, joggers, and swimmers is designed for all age groups. RunningStart incorporates proper techniques for warm-up, stretching, calisthenics, and aerobic exercises. The program is directed by an exercise physiologist with a master's degree in adult fitness.

Cardiac Rehabilitation

373-6360

This program provides education, exercise, and support under the supervision of a medical director, cardiac nurse, and exercise physiologist to assist the cardiac system's healing process. This program is often prescribed for those in high-risk categories.

Pulmonary Rehabilitation

373-6367

People with emphysema, chronic lung disease, and related respiratory problems benefit from this program's exercise and educational sessions. Independence and endurance are encouraged under the supervision of a medical director, respiratory therapist, cardiac nurse, and exercise physiologist.

Sleep Disorders Center

373-6351

Our full-service, four-bed *Sleep Disorders Center* offers complete diagnostic studies for sleep disorders. The center is under the medical direction of a pulmonologist board certified in sleep medicine and is accredited by the American Academy of Sleep Medicine.

Laboratory

373-6550

The Mid Coast Hospital Laboratory is accredited by the College of American Pathologists and staffed by nationally registered technologists, technicians, and phlebotomists. The Medical Director is board certified in Pathology. We are a full service laboratory using state of the art technology to provide timely and accurate results to physicians and patients.

Nutrition Counseling

373-6585

Staffed by registered, licensed dietitians, our Nutrition Counseling Service provides individualized dietary counseling. Areas of consultation include weight management, diabetes, heart disease, hypertension, high cholesterol, weight gain, chemotherapy, and eating disorders.

Healthline

373-6585

This is your source for community health education and information. The program provides a wide variety of learning opportunities ranging from disease self-management for diabetes and chronic illness to tobacco cessation.

Rehabilitation Services

310 Bath Road, Brunswick

373-6175

Rehabilitation is a key element in full recovery from illness, injury, or disease. Mid Coast Hospital provides a full range of services including occupational, physical, and speech therapy, and audiology. Specialty programs include aquatics therapy, hand therapy, women's health, lymphedema management, dysphagia management, voice therapy, and balance/vestibular therapy.

Audiology

310 Bath Road, Brunswick

373-6175

Staffed by a licensed audiologist with a master's degree, the Audiology Department offers diagnostic testing for infant, children, and adults. As a hearing aid vendor, we offer the newest technology in hearing aids, swim plugs, and ear plugs for musicians.

Wound Care Center

373-6155

Mid Coast Medical Group's *Wound Care Center* is in a new state-of-the-art facility at 81 Medical Center Drive. Our specialists provide the care and knowledge you need to recover from chronic wounds that interfere with your every day life, whether they result from diabetes, pressure ulcers, or trauma.

MID COAST HOSPITAL

Right here, close to home

MID COAST HOSPITAL is conveniently located at **123 Medical Center Drive, Brunswick**, just one mile east of Cook's Corner. Should you have any questions, give us a call at (207) **729-0181**.

GETTING HERE

Coming from the South (*Brunswick, Freeport, Yarmouth, Portland*):

- Take Exit 28 (Brunswick) off I-295 North. (This will put you on Pleasant Street—U.S. Route 1.)
- Follow signs for "U.S. Route 1—Bath." (This will involve a left turn at a laundromat.)
- Take the Cook's Corner exit off U.S. Route 1. Get in the left lane, and at the traffic light turn left onto Bath Road.
- Medical Center Drive is one mile down Bath Road. Look for the Mid Coast Hospital sign and turn right.

Coming from the North (*Bath, Woolwich, Wiscasset, Damariscotta*):

- Follow U.S. Route 1 across the Sagadahoc Bridge into Bath. Continue south.
- Take New Meadows Road exit. Turn left at the end of the exit ramp. Proceed to stop sign and turn right onto State Road.
- Medical Center Drive is 1.7 miles on your left. Turn left at the Mid Coast Hospital sign.

Coming from the West (*Topsham, Lisbon Falls*):

- Follow Route 196 to the Coastal Connector. Stay in the left lane to Bath, U.S. Route 1.
- Take the Cook's Corner exit off U.S. Route 1. Get in the left lane, and at the traffic light turn left onto Bath Road.
- Medical Center Drive is one mile down Bath Road. Look for the Mid Coast Hospital sign and turn right.

Mid Coast Hospital Medical Center is a Smoke-Free Campus
